

Flutter Developer with 1+ year of hands-on experience developing cross-platform mobile applications using Flutter and Dart. Skilled in building responsive, high-performance UI, managing application state, and integrating APIs. Focused on delivering scalable, user-friendly applications with clean architecture and optimized performance.

SKILLS

Programming	Dart, JavaScript
Frameworks	Flutter, React
Mobile Development	Cross-Platform App Development, Android Development, Responsive UI
State Management	GetX
Backend Integration	REST APIs, WebSocket, Firebase
Databases	MongoDB, Firebase Firestore
Tools & Version Control	VS Code, Git, GitHub
Deployment	Google Play Console, CI/CD Pipelines
Monetization	Google AdMob

TECHNICAL EXPERIENCE

Flutter Developer Intern
SPI Pvt. Ltd

Aug 2024 — Sept 2024
India

- Gained hands-on experience in mobile application development using Flutter.
- Assisted in designing and implementing UI components for real-world applications.
- Collaborated with senior developers to debug and test applications for quality assurance.
- Participated in code reviews and followed best practices for clean and maintainable code.
- Awarded "Best Performer of Summer Training Intern" for outstanding performance.

Application Developer
DigiQuest Consultancy Services Pvt. Ltd

Feb 2025 — Jul 2025
India

- Developed and maintained mobile applications using Flutter with a focus on responsive and user-friendly UI.
- Integrated REST APIs and managed application data flow for dynamic features.
- Implemented reusable UI components and improved application performance through optimization techniques.
- Collaborated with designers and backend developers to deliver functional and user-centric features.
- Debugged and resolved issues to ensure smooth performance and high-quality application delivery.

Flutter Developer
BrniX Media

Aug 2025 — Jan 2025
India

- Developed and enhanced game applications with a focus on UI/UX improvements and performance optimization.
- Redesigned application interfaces to improve user engagement and visual appeal.
- Identified and resolved critical bugs, improving application stability and usability.
- Integrated Google AdMob for in-app monetization and revenue optimization.

Flutter Developer
BringOn Digital

Feb 2026 — Present
India

- Developing production-level mobile applications using Flutter with scalable and maintainable UI architecture.
- Designed and improved application dashboards for better usability and performance.
- Integrated REST APIs and third-party services for dynamic data handling and real-time features.
- Optimized application performance by identifying and resolving UI and functional issues.
- Collaborated with designers and backend developers to deliver user-centric solutions.

KEY PROJECTS

QwizB Quiz App
Flutter Development

2025

- Improved the existing UI using Flutter to enhance visual consistency, usability, and overall user experience.
- Added new features and refined existing functionalities to increase user engagement within the application.
- Integrated Google AdMob for in-app advertisements with optimized placement and minimal user disruption.
- Identified and resolved UI bugs and layout issues across multiple Android devices and screen sizes.
- Optimized application performance and delivered regular updates published on the Google Play Store.

2025

- Developed a production-level Android application using Flutter to enable seamless patient-doctor interaction and access to homeopathy treatments.
- Implemented core features such as appointment booking, disease-based treatment modules, and secure in-app communication.
- Designed a responsive and user-friendly interface, ensuring smooth navigation and consistent experience across Android devices.
- Integrated APIs and managed real-time data handling to support dynamic content and user interactions.
- Deployed and maintained the application on the Google Play Store, optimizing performance and scalability for growing user demands.

2025

- Developed a cross-platform application using Flutter to connect users with legal experts for consultations and dispute resolution.
- Implemented key features such as consultation booking, case tracking, and secure document sharing with user authentication.
- Designed a responsive and user-friendly interface, ensuring seamless experience across Android and iOS platforms.
- Integrated APIs and optimized real-time data handling for smooth navigation and efficient performance.
- Focused on scalability and maintainability to support growing user interactions and application updates.

B.Tech in Information Technology (7.77 CGPA), Buddha Institute of Technology (AKTU), Gorakhpur	Dec 2021 — July 2025
CBSE (12) - 69%, Surmount International School, Gorakhpur	April 2020 — May 2021
CBSE (10) - 80%, St. Xavier's School, Sahjanwa, Gorakhpur	April 2018 — May 2019
